

TRIPLE-C CONSULTING

CONTRIBUTION + COLLABORATION + COMMUNICATION

TRANSPORT & PRACTICAL SUPPORT PILOT AGREEMENT

Four-week trial | Plain-English agreement

Service Provider	Aniké Heloise Jenneker, trading as Triple-C Consulting
Client	_____
Pilot start date	_____
Pilot review date	_____ (approximately four weeks later)

1. Purpose

The parties agree to test a small, pre-arranged support arrangement intended to make selected appointments, errands and practical tasks easier. This is a limited four-week pilot with no obligation to continue after the review date.

2. Services

The Service Provider may provide the following services when requested and accepted in advance:

- Local transport support - a pre-arranged local return trip, generally up to 60-75 minutes.
- Waiting time - additional waiting beyond the agreed trip time.
- Practical administration - bookings, forms, calls or simple coordination.

3. Agreed charges

Service	Agreed rate
Local return trip	\$_____ per trip (proposal range: \$40-\$60)
Additional waiting time	\$_____ per 30 minutes (proposal range: \$20-\$25)
Practical administration	\$_____ per hour (proposal range: \$35-\$45)
Optional weekly package	\$_____ per week (proposal range: \$120-\$165)

Petrol, parking, tolls and longer-distance costs are additional only where agreed before the trip or expense.

4. Booking and payment

Services must be agreed in advance by text, email or another agreed method. The Service Provider may decline a request. Unless otherwise agreed, payment is due within 3 days after an invoice or written payment request. Cancelled bookings may be charged where less than 24 hours notice is given and the time cannot reasonably be reallocated.

Transport compliance condition: Paid passenger transport will only begin or continue once the Service Provider is satisfied that all applicable driver-licensing, passenger-service, vehicle, insurance and safety requirements have been met. Until then, the parties may proceed only with practical administration or other lawful non-transport support.

5. Agreement and signatures

By signing, both parties confirm that they have read this agreement and the short terms on page 2, and agree to the selected pilot services and rates.

SHORT TERMS & CONDITIONS

These terms support the four-week pilot and keep responsibilities clear.

1. Independent service arrangement

The Service Provider is an independent contractor. Nothing in this agreement creates employment, partnership, agency, tenancy, caregiving or fiduciary obligations. The Client remains responsible for their own personal, medical, financial and household decisions.

2. Scope and limits

Only tasks expressly agreed in advance are included. The Service Provider is not providing medical care, personal care, financial advice, legal advice, property management or emergency services. The Service Provider is not required to lift the Client, provide mobility assistance beyond what is safely manageable, handle medication, or undertake unsafe or unlawful tasks.

3. Safety and suitability

Either party may cancel or stop a service where driving conditions, health, fatigue, behaviour, vehicle condition, timing or any other circumstance creates a reasonable safety concern. The Client must disclose any mobility or access needs relevant to the requested service.

4. Vehicle and insurance

Any vehicle used must be legally roadworthy and appropriately insured for the intended use. Where the Client's vehicle is used, the Client confirms that the Service Provider has permission to drive it and that the insurer has been told of the arrangement where required. The party responsible for a vehicle must promptly disclose any insurance restriction that may affect the service.

5. Transport-law condition

Transport services are conditional on compliance with all applicable New Zealand transport requirements. The parties acknowledge that carrying passengers for hire or reward may require a small passenger service licence, passenger endorsement, driver identification, vehicle certification and related compliance. This agreement does not override those requirements.

6. Expenses and records

Pre-approved out-of-pocket expenses are reimbursable at cost. The Service Provider may keep a simple record of the date, time, service, distance, expenses and amount charged. Each party will keep the other's personal information private except where disclosure is required for safety, insurance, tax, legal compliance or with consent.

7. Liability

Each party remains responsible for their own acts and omissions. To the extent permitted by law, neither party is liable for indirect or consequential loss. Nothing in this agreement excludes rights or obligations that cannot legally be excluded, including any applicable rights under New Zealand consumer law.

8. Ending or changing the pilot

Either party may end the pilot at any time by written notice. Charges already incurred remain payable. Changes to rates or scope must be agreed in writing. At the four-week review, the arrangement will end unless both parties agree in writing to continue or replace it.

9. Concerns and governing law

The parties will first try to resolve concerns through a calm, direct discussion. If unresolved, either party may seek independent advice or use an appropriate New Zealand dispute-resolution process. New Zealand law applies.

Important: This is a practical discussion draft, not legal advice. The parties should obtain independent advice and confirm transport and insurance requirements before paid driving begins.
